Grey Towers National Historic Site
Facilities Master Plan Update
Milford Township, PA

Project Description

Grey Towers National Historic Site (GTNHS), former home of Gifford Pinchot, founding father of the United States Forest Service, is a place that celebrates conservation and environmental stewardship. The GTNHS Facility Master Plan articulates a future of preservation, development, and evolution in which the Pinchot legacy is sustained and enhanced.

- 1 – Aerial photograph of Grey Towers National Historic Site, circa 1931
- 2 – Present day photograph of the Grey Towers mansion
- 3 – Overall site plan of Grey Towers National Historic Site showing all proposed future design concepts from the Grey Towers National Historic Site Facility Master Plan

People. Purpose. Place.
